LUPROMAX® TAP PREMIUM  
High Quality Tapping Fluid (Except Aluminium)

**LUPROMAX-MF-TAP PREMIUM** is a high quality tapping fluid, specially formulated for dimensional accuracy tapping, and good surface finish of component. **LUPROMAX-MF-TAP PREMIUM** eliminates pulling and seizing, reduces tapping torque and extends tool life. It can be used for all types of machining operations including tapping, reaming, threading, drilling, turning, broaching and milling.

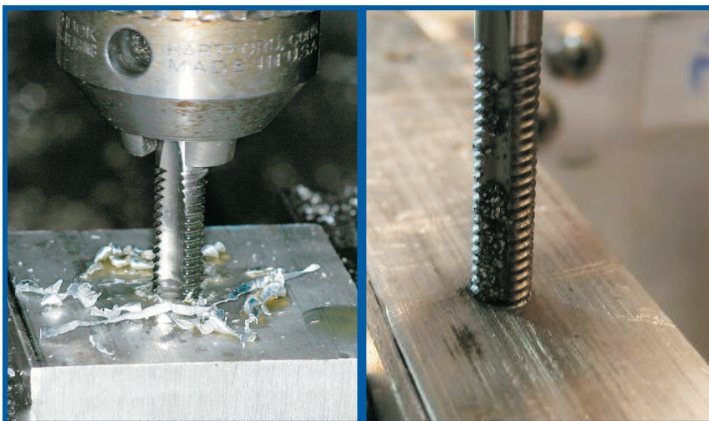

## FOR EXCELLENT PROFESSIONAL QUALITY

LUPROMAX® high performance TAP and TOP Premium series offers a range of specially formulated tapping fluids for professional dimensional accuracy and good surface finishes. It eliminates pulling and seizing, reduces tapping torque and at the same time extends tool life. The Lupromax® Tapping fluids' performance are greatly enhanced by Magna's H.A.T. (Heat Activated Technology) technology for exceptional E.P. capabilities.

LUPROMAX® TAP and TOP Premium series are suitable for all types of machining operations including tapping, reaming, threading, drilling, turning, broaching and milling.

LUPROMAX® TAP-AL  
High Quality Tapping Fluid For Aluminium

**LUPROMAX-MF-TAP-AL** is a high quality tapping fluid, specially formulated for dimensional accuracy tapping, and good surface finish of aluminium component. **LUPROMAX-MF-TAP-AL** eliminates pulling and seizing, reduces tapping torque and extends tool life. It can be used for all types of machining operations including tapping, reaming, threading, drilling, turning, broaching and milling.
